NOTE A: LEVEL OF EFFORT

For Labor Items, Offerors shall propose man-hours specified in Section B to perform the requirements of the Statement of Work provided for the period of performance specified in SECTION F. The PAYMENT OF FEE(S) (LEVEL OF EFFORT) clause applies to these Items.

NOTE B: OPTION

Option Item to which the OPTION clause in SECTION I applies and which is to be supplied only if and to the extent said Option is exercised.

NOTE C: OTHER DIRECT COST

These Items are non-fee bearing CLINs and shall be priced as cost only. Non-fee bearing refers to fee, not allowable indirect costs or burdens.

CLAUSES INCORPORATED IN FULL TEXT:

The clause entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF FUNDS" (FAR 52.232-22), as appropriate, shall apply separately and independently to each separately identified estimated cost.

CONTRACT SUMMARY FOR PAYMENT OFFICE (COST TYPE) (NAVSEA) (FEB 1997)

This entire task order is cost type. The CLINs for the base labor requirements are Cost Plus Fixed Fee (CPFF), the ODC CLINs are Costs Only.

PAYMENT OF FEE(S) (LEVEL OF EFFORT - ALTERNATE I) (NAVSEA) (MAY 2010)

(a) For purposes of this contract, "fee" means "target fee" in cost-plus-incentive-fee type contracts, "base fee" in costplus-award-fee type contracts, or "fixed fee" in cost-plus-fixed-fee type contracts for level

of effort type contracts.

(b) The Government shall make payments to the Contractor, subject to and in accordance with the clause in this contract entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE", (FAR 52.216-10), as applicable. Such payments shall be submitted by and payable to the Contractor pursuant to the clause of this contract entitled "ALLOWABLE COST AND PAYMENT" (FAR 52.216-7), subject to the withholding terms and conditions of the "FIXED FEE" or "INCENTIVE FEE" clause, as applicable, and shall be paid fee at the hourly rate(s) specified above per man-hour performed and invoiced. Total fee(s) paid to the Contractor shall not exceed the fee amount(s) set forth in this contract.

In no event shall the Government be required to pay the Contractor any amount in excess of the funds obligated under this contract.

TRAVEL COSTS - ALTERNATE I (NAVSEA) (DEC 2005) (Applicable to CLINs 6000, 6100, 6200)

(a) Except as otherwise provided herein, the Contractor shall be reimbursed for its reasonable actual travel costs in accordance with FAR 31.205-46. The costs to be reimbursed shall be those costs accepted by the cognizant DCAA.

(b) Reimbursable travel costs include only that travel performed from the Contractor's facility to the worksite, in and around the worksite, and from the worksite to the Contractor's facility.

(c) Relocation costs and travel costs incident to relocation are allowable to the extent provided in FAR 31.205-35; however, Contracting Officer approval shall be required prior to incurring relocation expenses and travel costs incident to relocation.

(d) The Contractor shall not be reimbursed for the following daily local travel costs:

(i) travel at U.S. Military Installations where Government transportation is available,

(ii) travel performed for personal convenience/errands, including commuting to and from work, and

(iii) travel costs incurred in the replacement of personnel when such replacement is accomplished for the Contractor's or employee's convenience.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

1. Title: Scientific, Engineering, Technical, and Analytical (SETA) support for: NAVSEA, Naval Shipyard and Naval Industrial Base efforts related to workforce, workload, integrated project team development (IPTD), logistic services, naval shipyard training and education program (NSTEP) , resource management and competency development, and total force initiatives.

2. Background:

The NAVSEA04/04X strategic plans focus on business strategies and objectives to improve Industrial Operations Management processes, work force excellence, current and future readiness, and customer focus. This includes Naval Ship Maintenance Community waterfront project team performance, work force competencies, and responsiveness to Fleet maintenance and modernization requirements. These strategies and objectives serve as the framework for plans and strategies within and across each of the naval shipyards and the naval ship maintenance community. These plans establish the short and long term goals of revitalizing the workforce, increasing customer focus, reducing total costs, exercising safety and environmental leadership, improving business processes, and strengthening quality, technical excellence and ensure the preservation of the Navy's assured source of repair of its naval combatants well into the future.

3. Objectives:

The objectives of this statement of work are to provide the technical scope and associated tasks for support of NAVSEA's Corporate Ship Maintenance Community initiative, National Value Stream directive and miscellaneous support to SEA04X regarding industrial operations management. The objective of an award is to provide continuing support and services for the Director, SEA04XR, NAVSEA.

4. Scope:

NAVSEA04 and the Naval Shipyards/Naval Ship Maintenance Community require assistance from a contractor with the requisite technical qualifications, personnel, management experience and corporate capability to provide non-personal advisory and expert assistance services.

The contractor shall provide the necessary management, technical and administrative personnel, materials, office equipment (including office automation equipment and software), consumable supplies and facilities, as applicable to meet the requirements of this Task Order and to support this contract.

Support required under this contract encompasses the following:

- Delivering blended technical, professional and leadership workforce and competency development programs and solutions, along with their associated assessments, requirements analysis, studies, surveys, knowledge sharing seminars/activities, analyses and evaluations;
- Providing program management, learning system/content management, technical and professional business process consulting support; and implementing specific education and training performance improvement initiatives in support of NAVSEA04 and the Naval Shipyards.

5. Specific Tasks:

Task 1. Naval Shipyard Training and Education Program:

Support for Naval Shipyard Training and Education Program (NSTEP) Initiatives which includes workforce development, competency alignment, facilitation, process and performance improvement, and organizational consulting services necessary to tie work force development to business process and performance. It also includes tiered supervisory and management development including the One Nuclear Shipyard Senior Management Workshop and other workforce development efforts that are intended primarily for Naval Shipyard Personnel.

NAVSEA04 wishes to improve business performance through workforce excellence and competency by coordinating management of Naval Shipyard training efforts. The objectives of such actions will be to increase individual effectiveness, learning solution quality, and reduce overall program costs. In pursuit of this objective, NAVSEA04 will be undertaking a number of training and education transformation initiatives and will require the contractor to provide consulting, facilitation and implementation support for initiatives focused on improving the business processes, learning methods and approach to the way the Naval Shipyards administer, analyze, plan, design, develop, implement, execute and govern/sustain their training programs to achieve personnel competency/proficiency, costs savings and improved quality and methods of instruction. NAVSEA will work with the contractor to determine the specific support needed to assist with these initiatives.

Support for the NSTEP will include program infrastructure consulting; process administration; organizational and technical implementation; and the governance necessary to evolve the program construct and achieve program efficiencies. Components of this area include Civilian Leadership Development programs and associated courses as well as integrating Total Force initiatives with the NSTEP Workforce Training and Development Pyramid.

The contractor shall use MS Office products to generate electronic documents, spreadsheets, and presentations unless otherwise determined and agreed to.

The contractor shall provide management support for each task along with strategic planning consultation and facilitation including:

- Evaluate issues and provide recommendations related to shipyard, and ship, submarine, information system, or weapon system cost, schedule, and performance with regards to Naval Ship Maintenance.
- Gather information, identify issues and provide recommendations and draft documentation to achieve overall goals for strategic planning.
- Provide recommendation to programming, planning and budgeting management.
- Analyze, evaluate and provide recommendations for the planning, development, monitoring and execution of the program and all sub-program areas.
- Facilitate administration, design and governance processes, special advisory boards, offsite working sessions, working groups, audit teams etc.

----------------------------------	---	----------------------------------	------------------	-------

- Analyze, evaluate and prepare program briefs, reports and correspondence.
- Review, analyze and provide recommendations to utilize new initiatives and best practices to improve areas within program and project management.
- Prepare and maintain program documentation.
- Conduct cost/performance trade off studies with regards to conducting workforce and competency development programs.
- Conduct surveys and analyze results.
- Review, assess and monitor Naval Ship Maintenance initiatives and recommend workforce development efforts that may assist in the implementation of these initiatives.
- Provide administrative, financial, logistic and technical support necessary to execute each task, scheduled sessions, and other requisite workforce development courses / solutions during this performance period, including:
 - Perform, review and/or analyze feasibility, rough order of magnitude, and concept studies on alternative workforce development strategies and delivery methods.
 - Make recommendations concerning how to utilize the suite of existing Naval Shipyard systems and Integrated Project Team Development to address technical, performance, producibility, life cycle, risk, ROI, and other issues affecting Naval Ship Maintenance.
 - Provide recommendations and initiatives for Naval Shipyard Training and Education Program to reduce overall costs, including but not limited to Business Case Analysis, cost benefit analysis, blended / e-learning solutions.
 - Develop performance measurements/metrics with respect to the execution of all related efforts.
 - Prepare risk assessments, analyses, studies, recommendations, documents and updates to documents associated with the program to ensure configuration management and consistency.
 - Analyze and provide recommendations for training administration, documentation and information management.
 - Provide consulting and instruction to selected Government Subject Matter Experts on curriculum development, production of training materials, and delivery of instruction.
 - Coordinate with Government Subject Matter Experts to design, develop, and produce all student and instructor materials necessary for executing program courses of instruction, team sessions and related efforts.
 - Plan, coordinate, and provide all logistic requirements required for carrying out the program and related efforts, including arrangement of facilities, supporting student materials, reference materials, and instructional equipment.
 - Provide program analysis and evaluation reports in support of the Navy programming process.
 - Draft spreadsheets, reports, and conduct analysis for short and long-range planning

requirements.

- Develop and maintain an executive summary brief of the program in collaboration with the NSTEP Management Board responsible for this program's oversight. This brief will be developed with inputs from the Program Manager, the management board and Dean's.
- Conduct periodic visits as necessary to support client needs, conduct interviews and offer consulting assistance in conjunction with program business and course execution.
- With the support of the naval ship maintenance community process masters / subject matter experts, and direction from the management board, assist with the design, incorporation and delivery of materials or modules of instruction that may arise from participant feedback, lessons learned, changing environmental needs or success criteria, outcomes of individual curricula reviews and the suggestions of the management board. This may include migration to electronic media and learning solution and content management.
- As appropriate to each program area, design and implement evaluation activities to determine the degree to which the Program meets its stated objectives and the expressed needs of the program area.
- A NSTEP Management Board executive planning meeting will be conducted annually to review program direction, future year schedule and session objectives, design, and content applicability. The contractor is responsible for facilitating this event, including arrangement of facilities, advanced reading materials, coordinating the agenda, and assisting Government representatives in preparing briefs and reviews associated with the delivery of this task order.
- The contractor will provide consulting services and implementation support for NAVSEA total force initiatives.

Example Efforts Associated with Task 1:

One Nuclear Shipyard Senior Manager's Workshop: A professional development course designed for senior Naval Ship Maintenance community. Conducted in the national capital region (NCR), twice a year. Each course consists of approximately 25 participants for a period of 10 working days. Course material delivered and covers senior manager's development needs, current topics that impact the community, external influences to business operations, and other relevant topics.

Workforce Development: supporting multiple Naval Shipyards regarding their Learning Organization model with TALK 101 workshops, TALK 201, Learning organization facilitator training, first level supervisor training, second level supervisor training, coaching & mentoring programs, etc.

Task 2. Project Management College and Integrated Project Team Development:

The Naval Shipyard Project Management College (PMC) Program. This includes all Integrated Project Team Development (IPTD) sessions conducted to support availabilities in which a Naval Shipyard, SUPSHIP or RMC is the Lead Maintenance Activity or the Naval Supervising Authority. It also includes project management competency process, system and professional development learning solutions necessary to increase industrial operations and waterfront project management competency and improve team and individual performance.

The principle focus of this Program is to increase the competency of the Naval Maintenance Community work force assigned to positions with roles and responsibilities critical to availability

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 22 of 92	FINAL
----------------------------------	---	----------------------------------	------------------	-------

planning and waterfront project team execution success. Project team personnel continuously rotate and assume new positions throughout their careers. Through the PMC they will receive ongoing technical, professional and team training on the intricacies of managing large scale industrial complex projects that focus on both planned and emergent nuclear and non-nuclear ship repair availabilities. In alignment with the NSTEP Development Pyramid, the PMC Program will include three primary program areas: 1) Project Management Systems and Process Training; 2) Project Management Professional Training; and 3) Integrated Project Team Development Training (IPTD -- for Aircraft Carriers, Submarines and Surface Ships).

Each of these program areas are designed to achieve both corporate competency alignment at a high-level with the waterfront execution program area of responsibility and platform specific community alignment as outlined by: a Naval Shipyard appointed Management Board; the corresponding "Team 1" organization Executive Steering Committee; and the Fleet customer and ship's force "user" communities. Oversight of each of these program areas is the responsibility of designated NAVSEA Program Manager/Sponsors (Dean), Naval Shipyard platform program managers/leaders, and associated community subject matter experts (SME's) or process owners/masters.

In order to be considered successful, the PMC Program must continue to deliver an integrated high-level professional curriculum that simultaneously satisfies the immediate and long-range needs of the industrial operations base and naval ship maintenance community. The contractor's familiarity with the community and continuous support of strategic initiatives is essential. Contractor and shipyard personnel will partner in the development, delivery and improvement of the Program products/sessions.

The PMC Program of the future will integrate systems, processes, formal education and integrated project team development to provide a depth and breadth of competency within the naval shipyard operations area of responsibility. Training will be aligned with industry best practices and incorporate NAVSEA/NSY business model specific content. The ability to award Professional Development Units (PDU's) will be considered essential.

The actual number of delivered PM/IPTD sessions, duration of each session, and the associated delivery schedule of IPTD sessions and other learning solutions/courses is subject to change based on the dynamics of shipyard, ship and project team availability, along with the associated budget and scheduling process. It is anticipated that approximately 30 IPTDs will be given per year. The contractor will work closely with designated Government officials to create and maintain a delivery schedule that is based upon the delivery criteria specified by the NSTEP Management Board. In order to support ongoing maintenance initiatives and avoid undue disruption to current professional development services to the fleet, the contractor must be able to begin delivery of IPTD sessions defined by the above criteria within one month of contract award.

The contractor shall use MS Office products to generate electronic documents, spreadsheets, and presentations unless otherwise determined and agreed to.

Provide management support for each task along with strategic planning consultation and facilitation including:

- Evaluate issues and provide recommendations related to Task 2 efforts regarding cost, schedule, and performance.

solution and content management.

- As appropriate to each program area, design and implement evaluation activities to determine the degree to which the Program meets its stated objectives and the expressed needs of the program area.

Representative Tasks:

Aircraft Carrier Team Integrated Project Team Development (IPTD): An Aircraft Carrier Integrated Project Team Development solution will be delivered for each project team responsible for a major Aircraft Carrier availability (including Programmed Incremental Availabilities and Docking Programmed Incremental Availabilities) where the Naval Shipyard is the Naval Supervising Authority (NSA) or the Lead Maintenance Activity (LMA). The goal of Aircraft Carrier Team Integrated Project Team Development is to improve project team performance and promote the initiatives and strategic objectives of NAVSEA and key stakeholders. The Aircraft Carrier IPTD solution will be delivered in three phases (STEPS), with each step focusing on the needs of the project team during the portion of the project planning lifecycle in which the step is conducted.

The STEP I IPTD session will be delivered approximately 10 months prior to the start of the availability, last approximately nine days, and include approximately 50 participants. To maximize the effectiveness of the time the project team is taken off line, promote team building and to allow for longer working hours, this session will be “residential”. Where practicable, two Aircraft Carrier Availability Project Teams will go through a joint STEP I session in order to promote knowledge sharing between the two teams and to reduce costs.

A STEP I-S (supplemental) session may be conducted if, due to schedule constraints, key members of Ship’s Force cannot attend the STEP I session. The STEP I-S will last approximately 2 days and include approximately 40 participants. The focus of the STEP I-S will be to facilitate knowledge sharing, and discuss key availability issues, between Ship’s Force and other key project team stakeholders.

The STEP II IPTD session will be delivered approximately 4 months prior to the start of the availability, last approximately 5 days, and include approximately 75 participants. The STEP II session will be “residential”. There will be a separate STEP II session for each project team to allow the session’s content and schedule to be tailored to meet that team’s specific needs.

The STEP III IPTD session will be delivered within one month of the start of the availability, will last approximately three days, and include approximately 175 participants. This will be a non-residential session, and there will be a separate STEP III session for each project team.

When requested/directed by the Program Manager/Dean, a STEP IV session will be conducted for project teams responsible for conducting Docking Programmed Incremental Availabilities. This one day session will be conducted during availability execution, as determined the availabilities Project Superintendent, and will include approximately 75 participants.

Submarine IPTD: A Submarine Integrated Project Team Development solution will be delivered for each project team responsible for a major submarine availability (including Engineered Refueling Overhauls, Depot Modernization Periods, Extended Overhauls, SSGN Conversions, and Refueling Overhauls) where the Naval Shipyard is the Naval Supervising Authority (NSA) or the Lead Maintenance Activity (LMA). The goal of the Submarine Team Integrated Project Team Development is to improve project team performance and promote the initiatives and strategic objectives of NAVSEA and key stakeholders.

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 25 of 92	FINAL
----------------------------------	---	----------------------------------	------------------	-------

The submarine IPTD solution will be delivered in three phases (STEPS), with each step focusing on the needs of the project team during the portion of the project planning lifecycle in which the step is conducted.

The STEP I IPTD session will be delivered approximately five to nine months prior to the start of the availability, last approximately five days, and include approximately 36 participants. This session will normally be residential. Where practicable, two Submarine Availability Project Teams will go through a joint STEP I IPTD session in order to promote knowledge sharing between the two teams and to reduce costs.

The STEP II IPTD session will be delivered approximately one to two months prior to the start of the availability, last approximately 4 days, and include approximately 32 participants. The STEP II session will be “non-residential”. There will be a separate STEP II session for each project team to allow the session’s content and schedule to be tailored to meet that team’s specific needs.

The STEP III IPTD session will be delivered within one month of the start of the availability, will last approximately one day, and include approximately 55 participants. This will be a non-residential session, and there will be a separate STEP III session for each project team.

When requested/directed by the Program Manager/Dean, a specially designed STEP session will be conducted for submarine availability project teams that face unusual tasking or execution challenges.

The duration and the number of participants for these STEP sessions will be tailored to meet the objectives stated by the Project Superintendent or IPTD Dean.

Large-Deck Amphibious IPTD: A Large-Deck Amphibious (L-Ship) Team Integrated Project Team Development session may be delivered for each project team responsible for a major L-Ship availability (including Phased Maintenance Availabilities) where the Naval Shipyard is the Naval Supervising Authority (NSA) or the Lead Maintenance Activity (LMA). The goal of the L-Ship Team Integrated Project Team Development sessions is to improve project team performance and promote the initiatives and strategic objectives of NAVSEA and key stakeholders. The session will be delivered approximately two months prior to the start of the availability, last for five days, include approximately 40 participants, and is residential.

Project Management Fundamentals Course: A Naval Ship Maintenance community residential course delivered 4-8 times a year. Each course has up to 90 participants for a period of 10 days. Course material delivered and covers naval ship maintenance PM processes of: AIM Suite, workload and workforce utilization, life cycle, return on investment functions, and PMBOK in a collaborative workshop.

Task 3. Community Workforce and Team Development:

Naval Ship Maintenance Community Workforce and Team Development, which includes IPTD sessions and similar workforce development efforts for Naval Ship Maintenance Community organizations outside of the Naval Shipyards, such as: Carrier Teams, Submarine Teams, Ship Repair Facilities (SRF); the Supervisors of Ship Building; Fleet Regional Maintenance Centers (RMC); and the two private nuclear shipyards (NGNN/GDEB).

To support NAVSEA and Fleet Corporate Strategies and improve Regionalized Naval Ship Maintenance across the Naval Ship Maintenance community, additional professional development efforts similar to the Integrated Project Team Development Program (IPTD) may be needed for

other Naval Ship Maintenance Organizations. The goal of these professional development efforts is to facilitate alignment with strategic goals, and support platform community alignment as outlined by “Team 1” Executive Steering Committees, Fleet sponsors and ships force “user” communities. In addition, these efforts will be used to improve inter/intra-organizational communication and interaction, facilitate process improvement, promote knowledge sharing, and provide other training and education that will improve the quality and cost effectiveness of Naval Ship Maintenance.

The work of this task is similar to Task Area 2 above, expanded to the Naval Ship Maintenance enterprise, with specific attention to the “One Nuclear Shipyard” community.

6. Qualifications:

The Vendor and assigned personnel to this work must have knowledge, skills, experience and abilities in the following:

§ Expert knowledge in the complexity of performing short and long-range workload and resource planning across the six nuclear capable shipyards.

§ Comprehensive knowledge of requirements, procedures and processes associated with resource management within the Naval Industrial Base.

§ Expert experience in delivering workforce development efforts of NSTEP, PMC, CRT, RMNVS, Command University, and NAVSEA courses.

§ Comprehensive experience in lean, six sigma, and corporate process improvement.

§ Comprehensive experience in workload and workforce forecasting, recruitment, development of worker skills, assignment of personnel and effective utilization.

§ Experience in establishing and maintaining liaison with public and private nuclear capable shipyards.

§ Expert knowledge of operations, production and support departments within the Naval Shipyards.

§ Comprehensive experience in development and delivery of presentations and position papers within the Shipyard, Navy and DoD environments.

§ Comprehensive knowledge and experience of the entire Microsoft Office Suite.

§ Comprehensive knowledge and experience of adult learning models, leadership and management development

7. Place of Performance:

It is expected that the performance of these taskings will take place primarily from Vendor location, but will entail performance at multiple U.S. Naval Shipyards (Portsmouth, NH; Norfolk, VA; Bremerton, WA; Pearl Harbor, HI; Washington, DC) and U.S. Naval Shipyard surrounding areas.

8. Travel:

ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE (NAVSEA)(JUN 1994)

(a) Performance under this contract may require that the Contractor have access to technical data, computer software, or other sensitive data of another party who asserts that such data or

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 28 of 92	FINAL
----------------------------------	---	----------------------------------	------------------	-------

software is proprietary. If access to such data or software is required or to be provided, the Contractor shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum, (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Contracting Officer. The Government may unilaterally modify the contract to list those third parties with which the Contractor has agreement(s).

(b) The Contractor agrees to: (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted; (2) not disclose the data or software to another party or other Contractor personnel except as authorized by the Contracting Officer; (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement; (4) not disclose the data or software to any other party, including, but not limited to, joint venturer, affiliate, successor, or assign of the Contractor; and (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.

(c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Contractor has access in the performance of this contract that contains proprietary or other restrictive markings.

(d) The Contractor agrees that it will promptly notify the Contracting Officer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

(e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), substituting "subcontractor" for "Contractor" where appropriate.

(f) Compliance with this requirement is a material requirement of this contract.

COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The Contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 29 of 92	FINAL
----------------------------------	---	----------------------------------	------------------	-------

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five calendar years after the delivery date of the affected computer software or computer database to the Government.

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

(e) Delivery by the Contractor to the Government of certain technical data and other data is now frequently required in digital form rather than as hard copy. Such delivery may cause confusion between data rights and computer software rights. It is agreed that, to the extent that any such data is computer software by virtue of its delivery in digital form, the Government will be licensed to use that digital-form data with exactly the same rights and limitations as if the data had been delivered as hard copy.

(f) Any limited rights legends or other allowed legends placed by a Contractor on technical data or other data delivered in digital form shall be digitally included on the same media as the digital-form data and must be associated with the corresponding digital-form technical data to which the legends apply to the extent possible. Such legends shall also be placed in human-readable form on a visible surface of the media carrying the digital-form data as delivered, to the extent possible.

ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the contract, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this contract may

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 30 of 92	FINAL
----------------------------------	---	----------------------------------	------------------	-------

create a potential organizational conflict of interest on the instant contract or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this contract shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this contract. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons.

Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this contract. This prohibition shall expire after a period of three years after completion of performance of this contract.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this contract and for a period of three years after completion of performance of this contract, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this contract. This exclusion does not apply to any recompetition for those systems, components or services furnished pursuant to this contract. As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this contract, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this contract or before the three year period following completion of this contract has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components or

services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the contract for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this contract or becomes, or should become, aware of an organizational conflict of interest after award of this contract and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this contract for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this contract for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this contract; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment.

Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this contract.

(n) Compliance with this requirement is a material requirement of this contract.

ORGANIZATIONAL CONFLICT OF INTEREST—MAJOR DEFENSE ACQUISITION PROGRAM (DEC 2010)

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 32 of 92	FINAL
----------------------------------	---	----------------------------------	------------------	-------

(a) *Definition.*

“Major subcontractor,” as used in this clause, means a subcontractor that is awarded a subcontract that equals or exceeds

(1) Both the cost or pricing data threshold and 10 percent of the value of the contract under which the subcontracts are awarded; or

(2) \$50 million.

(b) This contract is for the performance of systems engineering and technical assistance for a major defense acquisition program or a pre-major defense acquisition program.

(c) *Prohibition.* Except as provided in paragraph (d) of this clause, as required by paragraph (b)(3) of section 207 of the Weapons System Acquisition Reform Act of 2009 (Pub. L. 111–23), the Contractor or any affiliate of the Contractor is prohibited from participating as a prime contractor or major subcontractor in the development or production of a weapon system under the major defense acquisition program or pre-major defense acquisition program.

(d) *Organizational Conflict of Interest Mitigation Plan.* If the Contractor submitted an acceptable Organizational Conflict of Interest Mitigation Plan that has been incorporated into this contract, then the prohibition in paragraph (c) of this clause does not apply. The Contractor shall comply with the Organizational Conflict of Interest Mitigation Plan. Compliance with the Organizational Conflict of Interest Mitigation Plan is a material requirement of the contract. Failure to comply may result in the Contractor or any affiliate of the Contractor being prohibited from participating as a contractor or major subcontractor in the development or production of a weapon system under the program, in addition to any other remedies available to the Government for noncompliance with a material requirement of a contract.

SECTION G CONTRACT ADMINISTRATION DATA

CONTRACTOR CENTRAL REGISTRATION (CCR) - The contractor must be registered with the Contractor Central Registration (CCR) in order to be eligible for award. The Contractor must maintain registration throughout the period of performance. PAYMENT will not be made to the contractor if the Contractor's registration lapses.

252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (MAY 2013)

(a) *Definitions.* As used in this clause—

“Department of Defense Activity Address Code (DoDAAC)” is a six position code that uniquely identifies a unit, activity, or organization.

“Document type” means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

“Local processing office (LPO)” is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) *Electronic invoicing.* The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS [252.232-7003](#), Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall—

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the “Web Based Training” link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) *Document type.* The Contractor shall use the following document type(s).

----- Cost Voucher -----

(2) *Inspection/acceptance location.* The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

----- Not Applicable -----

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

NAVSEA HQ WAWF Helpdesk: WAWFHQ@navy.mil

(2) For technical WAWF help, contact the WAWF helpdesk at 866-618-5988.

SUPPLEMENTAL INSTRUCTIONS REGARDING ELECTRONIC INVOICING (NAVSEA) (SEP 2012)

(a) The Contractor agrees to segregate costs incurred under this contract/task order (TO), as

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-EH07	AMENDMENT/MODIFICATION NO. 53	PAGE 52 of 92	FINAL

applicable, at the lowest level of performance, either at the technical instruction (TI), sub line item number (SLIN), or contract line item number (CLIN) level, rather than on a total contract/TO basis, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of other direct costs (ODCs), materials, and travel, by TI, SLIN, or CLIN level. For other than firm fixed price subcontractors, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer (CO) and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the CO and COR; or other method as agreed to by the CO.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and CO on the same date they submit the invoice in WAWF. No payments shall be due if the contractor does not provide the COR and CO email notification as required herein.

252.204-0004 LINE ITEM SPECIFIC: BY FISCAL YEAR (SEP 2009) *(applicable to CLINs 4000 and 6000)*

The payment office shall make payment using the oldest fiscal year appropriations first, exhausting all funds in the previous fiscal year before disbursing from the next fiscal year. In the event there is more than one ACRN associated with the same fiscal year, the payment amount shall be disbursed from each ACRN within a fiscal year in the same proportion as the amount of funding obligated for each ACRN within the fiscal year.

252.204-0001 LINE ITEM SPECIFIC: SINGLE FUNDING (SEP 2009) *(applicable to CLINs 4300, 4400, 6300, and 6400)*

The payment office shall make payment using the ACRN funding of the line item being billed.

SECTION H SPECIAL CONTRACT REQUIREMENTS

NAVSEA 5252.202-9101 ADDITIONAL DEFINITIONS (MAY 1993)

As used throughout this contract, the following terms shall have the meanings set forth below:

- (a) DEPARTMENT - means the Department of the Navy.
- (b) REFERENCES TO THE FEDERAL ACQUISITION REGULATION (FAR) - All references to the FAR in this contract shall be deemed to also reference the appropriate sections of the Defense FAR Supplement (DFARS), unless clearly indicated otherwise.
- (c) REFERENCES TO ARMED SERVICES PROCUREMENT REGULATION OR DEFENSE ACQUISITION REGULATION - All references in this document to either the Armed Services Procurement Regulation (ASPR) or the Defense Acquisition Regulation (DAR) shall be deemed to be references to the appropriate sections of the FAR/DFARS.

NAVSEA 5252.232-9104 ALLOTMENT OF FUNDS (JAN 2008)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

Item	Allotted to Cost	Allotted to Fee	CPFF	Hrs./Lot	Est. Period of Performance
4000	██████████	██████████	██████████	██████████	8/28/2012 – 9/30/2013*
6000	██████████	██████████	██████████	██████████	8/28/2012 – 9/30/2013*

* NOTE: The period of performance for CLINs 4000 and 6000 is hereby extended past 27 August 2013 only for SLINs 400012, 400018, 400019, 600014, 600016 and 600017. All other SLINs under CLINs 4000 and 6000 shall have a period of performance through 27 August 2013.

(b) The parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs 4300AB, 4300AC, 4300AD, 4300AE, 4300AF, 4300AG, 4300AH, 4300AJ, 4300AK, 4300AL, 4300AM, 4300AN, 4300AP, 4300AQ, 4300AR, 4300AS, 4300AT, 4300AU, 4300AV, 4300AW, 4300AX, 4300AY, 4300AZ, 4300BA, 4300BB, 4300BC, 4300BD, 4300BE, 4300BF, 4300BG, 4300BH, 4300BJ, 4300BK, 4300BL, 4300BM, 4300BN, 4300BP, 4300BR, 4300BS, 4300BT, 4300BU, 4300BV, 4300BW, 4400AB, 4400AC, 4400AD, 4400AE, 4400AF, 4400AG, 4400AH, 4400AJ, 4400AK, 4400AL, 4400AM, 4400AN, 4400AP, 4400AQ, 4400AR, 4400AS, 4400AT, 4400AU, 4400AV, 4400AW, 4400AX, 4400AY, 4400AZ, 4400BA, 4400BB,

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the costs of performance of fully funded CLINs/SLINs.

NAVSEA 5252.242-9115 TECHNICAL INSTRUCTIONS (APR 1999)

(a) Performance of the work hereunder may be subject to written technical instructions signed by the Contracting Officer's Representative specified in Section G of this contract. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor which suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the contractual statement of work.

(2) Guidelines to the Contractor which assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the contract. Technical instructions may not be used to: (1) assign additional work under the contract; (2) direct a change as defined in the "CHANGES" clause of this contract; (3) increase or decrease the contract price or estimated contract amount (including fee), as applicable, the level of effort, or the time required for contract performance; or (4) change any of the terms, conditions or specifications of the contract.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the contract or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contractor is notified by the Contracting Officer that the technical instruction is within the scope of this contract.

(d) Nothing in the foregoing paragraph shall be construed to excuse the Contractor from performing that portion of the contractual work statement which is not affected by the disputed technical instruction.

NAVSEA 5252.216-9122 LEVEL OF EFFORT - ALTERNATE I (MAY 2010)

- (a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be [REDACTED] total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.
- (b) Of the total man-hours of direct labor set forth above, it is estimated that [REDACTED] are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.
- (c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (i) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.
- (d) The level of effort for this contract shall be expended at an average rate of approximately [REDACTED] hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.
- (e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.
- (f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five

days of receipt.

(g) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(h) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period;(2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4)the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds. All submissions shall include subcontractor information.

(i) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional “main office” worksite. An alternative worksite means an employee’s residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee’s main office. The Government reserves the right to review the Contractor’s alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of work location, all contract terms and conditions,including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor’s election to implement an alternative worksite plan.

(j) Notwithstanding any of the provisions in the above paragraphs and subject to the LIMITATION OF FUNDS or LIMITATION OF COST clauses, as applicable, the period of performance may beextended and the estimated cost may be increased in order to permit the Contractor to provide all of the man-hours listed in paragraph (a) above. The Contractor shall continue to be paid fee for each manhour performed in accordance with the terms of the contract.

5252.237-9106 SUBSTITUTION OF PERSONNEL (SEP 1990)

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of

the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

(b) All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include:

(1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; and (3) any other information requested by the Contracting Officer to enable him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.
