5252.216-9102 LEVEL OF EFFORT (COST TYPE CONTRACT)(SEP 2015)

(a) The level of effort for the performance of this task order during the period from the start of task order performance to 12 months thereafter is based upon estimated man-hours of direct labor. If all options are exercised by the government, the level of effort for the performance of this task order will be increased by an additional estimated man-hours of direct labor, for a total level of effort of estimated man-hours of direct labor (hereinafter referred to as the "Estimated Total Hours").

(b) The estimated composition by labor category of the Estimated Total Hours is as follows:

(c) The Estimated Total Hours include overtime and subcontracting hours but exclude holidays, sick leave, vacation days and other absences.

(d) The number of man-hours expended per month may fluctuate in the pursuit of performance of the task order statement of work, provided that such fluctuation does not result in the utilization of the total man-hours of effort prior to the expiration of the task order. The number of man-hours for any labor category may be utilized by the contractor for any other labor category if necessary in performance of the task order.

(e) The contractor shall not be obligated to continue performance beyond the Estimated Total Hours, except that the Contracting Officer may require the contractor to continue performance in excess of the Estimated Total Hours until the total estimated cost has been expended. The government will not be obligated to pay fee on any hours expended in excess of the Estimated Total Hours. Any hours expended in excess of the Estimated Total Hours shall be excluded from all fee computations and adjustments. The Contracting Officer may also require the contractor to continue performance in excess of the total estimated cost until the Estimated Total Hours have been expended. In no event, however, will the Contracting Officer, pursuant to this paragraph (e), require the contractor to continue performance in excess of the Estimated Total hours if the Contracting Officer is requiring or has required the contractor to continue performance in excess of the total estimated cost. Nor will the Contracting Officer, pursuant to this paragraph (e), require the contractor to continue performance in excess of the total estimated cost if the Contracting Officer is requiring or has required the contractor to continue performance in excess of the Estimated Total Hours. The Contracting Officer may extend the period of performance in order to expend either the total estimated cost or the Estimated Total Hours.

(f) If at any time during the performance of this task order the contractor expends in excess of 85% of the available estimated man-hours of direct labor, the contractor shall immediately notify the Contracting Officer in writing. Nothing herein shall be construed to alter or waive any of the rights or obligations of either party pursuant to the clause entitled "Limitation of Cost" and/or "Limitation of Funds."

(g) It is understood and agreed that for the task order, the number of hours and the total dollar amount for each labor category specified in any task order issued under this contract are estimates only and shall not limit the use of hours or dollar amounts in any labor category which may be provided for under this task order. Accordingly, in the performance of this CPFF task order, the contractor shall be allowed to adjust the quantity of labor hours provided for within labor categories specified in the order provided that in so performing the contractor shall not in any event exceed the ceiling price restrictions.

5252.216-9106 PAYMENT OF FIXED FEE (SEP 2015)

The fixed fee for work performed under this task order is detailed below, provided that approximately hours of technical effort are employed by the contractor in performance of this task order. If substantially fewer than **(Lot 1 only)** hours of technical effort are employed, the fixed fee shall be equitably reduced to reflect the reduction of work. The Government shall make monthly payments of the fixed fee at the rates detailed below per direct labor hour invoiced by the contractor. All payments shall be in accordance with the provisions of FAR 52.216-8, "Fixed Fee," and FAR 52.216-7, "Allowable Cost and Payment." Payments shall be subject to the withholding provisions of Paragraph (b) of FAR 52.216-8, provided that the total of all such monthly payment shall not exceed eighty-five (85%) percent of the fixed fee. Any balance of fixed fee due the contractor shall be paid to the Contractor, and any over-payment of fixed fee shall be repaid to the Government by the

CONTRACT ADMINISTRATION PLAN (CAP) FOR COST TYPE CONTRACTS/ORDERS

In order to expedite the administration of this task order, the following delineation of duties is provided. The names, addresses and phone numbers for these offices or individuals are included with this section (Section G). The office or individual designated as having responsibility should be contacted for any questions, clarifications or information regarding the administration function assigned.

1. The Procuring Contract Office (PCO) is responsible for:

- a. All pre-award duties such as solicitation, negotiation and award of contracts.
- b. Any information or questions during the pre-award stage of the procurement.
- c. Freedom of Information inquiries.
- d. Changes in contract terms and/or conditions.
- e. Post award conference.

2. The Contract Administration Office (CAO) is responsible for matters specified in FAR 42.302, except those areas otherwise designated as the responsibility of the Contracting Officer's Representative (COR) or someone else herein.

3. The Defense Contract Audit Agency (DCAA) is responsible for audit verification/provisional approval of invoices and final audit of this contract prior to final payment to the contractor.

4. The paying office is responsible for making payment of proper invoices after acceptance is documented.

5. The Contracting Officer's Representative (COR) is responsible for interface with the contractor and performance of duties such as those set forth below. It is emphasized that only the PCO/CAO has the authority to modify the terms of the contract. In no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract between the contractor and any other person be effective or binding on the government. If in the opinion of the contractor an effort outside the scope of the contract is requested, the contractor shall promptly notify the PCO in writing. No action may be taken by the contractor unless the PCO or CAO has issued a contractual change. The COR duties are as follows:

a. Technical Interface

(1) The COR is responsible for all Government technical interface concerning the contractor and furnishing technical instructions to the contractor. These instructions may include: technical

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 34 of 80	FINAL
----------------------------------	---	----------------------------------	------------------	-------

advice/recommendations/clarifications of specific details relating to technical aspects of contract requirements; milestones to be met within the general terms of the contract or specific subtasks of the contract; or, any other interface of a technical nature necessary for the contractor to perform the work specified in the contract or order. The COR is the point of contact through whom the contractor can relay questions and problems of a technical nature to the PCO.

(2) The COR is prohibited from issuing any instruction which would constitute a contractual change. The COR shall not instruct the contractor how to perform. If there is any doubt whether technical instructions contemplated fall within the scope of work, contact the PCO for guidance before transmitting the instructions to the contractor.

b. Contract Surveillance

(1) The COR shall monitor the contractor's performance and progress under the contract. In performing contract surveillance duties, the COR should exercise extreme care to ensure that he/she does not cross the line of personal services. The COR must be able to distinguish between surveillance (which is proper and necessary) and supervision (which is not permitted). Surveillance becomes supervision when you go beyond enforcing the terms of the contract. If the contractor is directed to perform the contract services in a specific manner, the line is being crossed. In such as situation, the COR's actions would be equivalent to using the contractor's personnel as if they were government employees and would constitute transforming the contract into one for personal services.

(2) The COR shall monitor the contractor's performance to see that inefficient or wasteful methods are not being used. If such practices are observed, the COR is responsible for taking reasonable and timely action to alert the contractor and the PCO to the situation. When contract performance is taking place at a government location, the COR shall also monitor contractor employees performing under the contract with regard to kind, number and hours worked to ensure that the contractor is properly charging time applied to the contract. A record of such personal observations should be kept and compared with charges invoiced by the contractor for that task and time frame. This information can also be used as a tool in evaluating the contractor certificate of performance. It is essential that the COR coordinate these efforts with the CAO designated in the contract.

(3) The COR will take timely action to alert the PCO to any potential performance problems. If performance schedule slippage is detected, the COR should determine the factors causing the delay and report them to the PCO, along with the contractor's proposed actions to eliminate or overcome these factors and recover the slippage. Once a recovery plan has been put in place, the COR is responsible for monitoring the recovery and keeping the PCO advised of progress.

(4) The COR shall maintain surveillance of the contractor's performance to determine if the percentage of work performed reasonably corresponds to the percentage of funds expended. This responsibility requires a thorough review of the contractor's progress reports. The COR shall immediately report to the PCO any difficulties perceived in this area. The COR is also responsible for providing the contractor with any written comments the PCO may make in response to the progress reports and/or personal observations of the COR.

(5) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a Contractor Performance Assessment Report (CPAR) in the CPARS Automated Information System (AIS). The initial CPAR, under an eligible contract, must reflect evaluation of at least 180 days of contractor performance. The completed CPAR, including contractor comments if any, (NOTE: contractors are allowed 30 days to input their comments) should be available in the CPARS AIS for reviewing official (PCO) review no later than 270 days after start of contract performance. Subsequent CPARs covering any contract option periods should be ready at 1-year intervals thereafter.

c. Invoice Review and Approval/Inspection and Acceptance

(1) The COR is responsible for quality assurance of services performed and acceptance of the services or deliverables. The COR shall expeditiously review copies of the contractor's invoices or vouchers,

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 35 of 80	FINAL

certificate of performance and all other supporting documentation to determine the reasonableness of the billing. In making this determination, the COR must take into consideration all documentary information available and any information developed from personal observations.

(2) The COR must indicate either complete or partial concurrence with the contractor's invoice/voucher by executing the applicable certificate of performance furnished by the contractor. The COR may request DCAA to take a payment offset on questioned costs, when documentary evidence or personal observations do not support submitted invoices. The COR shall notify DCAA when questioned costs have been resolved with the contractor. The COR will ensure that DCAA conducts floor checks and/or timecard checks when actual monitoring is not feasible. The COR will be cognizant of the invoicing procedures and the prompt payment due dates detailed elsewhere in the contract.

(3) The COR will provide the PCO and the CAO with copies of acceptance documents such as Certificates of Performance.

(4) Upon completion of all services under the contract, the COR shall work with the Contractor to obtain and execute a final voucher no more than 60 days after completion of performance. The COR shall ensure that the voucher is clearly marked as a "Final Voucher."

d. Contract Modifications/Orders Under Indefinite Delivery Contracts.

(1) The COR is responsible for developing the statement of work for change orders or modifications and for preparing an independent government cost estimate of the effort described in the proposed statement of work.

(2) Once the PCO has requested and received the contractor's proposal the COR shall review and evaluate the contractor's proposal and furnish comments and recommendations to the PCO, as appropriate.

(3) The COR may interface with the contractor to obtain necessary information to assist in his/her development of the task statements, but the contractor shall not develop the task.

e. Administrative Duties

(1) The COR is responsible for taking appropriate action on technical correspondence pertaining to the contract and for maintaining files on each contract. This includes all modifications, government cost estimates, contractor invoices/vouchers, certificates of performance, DD 250 forms and contractor's status reports.

(2) The COR shall maintain files on all correspondence relating to contractor performance, whether satisfactory or unsatisfactory, and on trip reports for all government personnel visiting the contractor's place of business for the purpose of discussing the contract.

(3) The COR must take prompt action to provide the PCO with any contractor or technical code request for change, deviation or waiver, along with any supporting analysis or other required documentation.

f. Government Furnished Property. When government property is to be furnished to the contractor, the COR will take the necessary steps to ensure that it is furnished in a timely fashion and in proper condition for use. The COR will maintain adequate records to ensure that property furnished is returned and/or that material has been consumed in the performance of work.

g. Security. The COR is responsible for ensuring that any applicable security requirements are strictly adhered to.

h. Standards of Conduct. The COR is responsible for reading and complying with all applicable agency standards of conduct and conflict of interest instructions.

i. Written Report/Contract Completion Statement.

(1) The COR is responsible for timely preparation and submission to the PCO, of a written,

annual evaluation of the contractors performance. The report shall be submitted within 30 days prior to the exercise of any contract option and 60 days after contract completion. The report shall include a written statement that services were received in accordance with the Contract terms and that the contract is now available for close-out. The report shall also include a statement as to the use made of any deliverables furnished by the contractor. For contracts where delivery orders are issued, one consolidated report which addresses all actions under the contract may be submitted.

(2) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a final Contractor Performance Assessment Report (CPAR) in the CPARS with 30 days of contract completion.

(3) The COR is responsible for providing necessary assistance to the Contracting Officer in performing Contract Close-out in accordance with FAR 4.804, Closeout of Contract Files.

6. The Technical Assistant (TA), if appointed, is responsible for providing routine administration and monitoring assistance to the COR. The TA does not have the authority to provide any technical direction or clarification to the contract. Duties that may be performed by the TA are as follows:

- a. Identify contractor deficiencies to the COR.
- b. Review contract/delivery order deliverables, recommend acceptance/rejection, and provide the COR with documentation to support the recommendation.
- c. Assist in preparing the final report on contractor performance for the applicable contract/delivery order in accordance with the format and procedures prescribed by the COR.
- d. Identify contract noncompliance with reporting requirements to the COR.
- e. Evaluate the contractor's proposals for specific delivery orders and identify, for the COR, any potential problems, areas of concern, or issues to be discussed during negotiations.
- f. Review contractor status and progress reports, identify deficiencies to the COR, and provide the COR with recommendations regarding acceptance, rejection, and/or Government technical clarification requests.
- g. Review invoices for the appropriate mix of types and quantities of labor, materials, and other direct costs, and provide the COR with recommendations to facilitate COR certification of the invoice.
- h. Provide the COR with timely input regarding technical clarifications for the statement of work, possible technical direction to provide the contractor, and recommend corrective actions.
- i. Provide detailed written reports of any trip, meeting, or conversation to the COR subsequent to any interface between the TA and contractor.

SECTION H SPECIAL CONTRACT REQUIREMENTS

5252.204-9400 Contractor Unclassified Access to Federally Controlled Facilities, Sensitive Information, Information Technology (IT) Systems or Protected Health Information (July 2013)

Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The Deputy Secretary of Defense Directive-Type Memorandum (DTM) 08-006 – “DoD Implementation of Homeland Security Presidential Directive – 12 (HSPD-12)” dated November 26, 2008 (or its subsequent DoD instruction) directs implementation of HSPD-12. This clause is in accordance with HSPD-12 and its implementing directives.

APPLICABILITY

This clause applies to contractor employees requiring physical access to any area of a federally controlled base, facility or activity and/or requiring access to a DoN or DoD computer/network/system to perform certain unclassified sensitive duties. This clause also applies to contractor employees who access Privacy Act and Protected Health Information, provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Position, as advised by the command security manager. It is the responsibility of the responsible security officer of the command/facility where the work is performed to ensure compliance.

Each contractor employee providing services at a Navy Command under this contract is required to obtain a Department of Defense Common Access Card (DoD CAC). Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Navy Command’s Security Manager upon arrival to the Navy Command and shall out-process prior to their departure at the completion of the individual’s performance under the contract.

ACCESS TO DOD IT SYSTEMS

In accordance with SECNAV M-5510.30, contractor employees who require access to DoN or DoD networks are categorized as IT-I, IT-II, or IT-III. The IT-II level, defined in detail in SECNAV M-5510.30, includes positions which require access to information protected under the Privacy Act, to include Protected Health Information (PHI). All contractor employees under this contract who require access to Privacy Act protected information are therefore categorized no lower than IT-II. IT Levels are determined by the requiring activity’s Command Information Assurance Manager. Contractor employees requiring privileged or IT-I level access, (when specified by the terms of the contract) require a Single Scope Background Investigation (SSBI) which is a higher level investigation than the National Agency Check with Law and Credit (NACLC) described below. Due to the privileged system access, a SSBI suitable for High Risk public trusts positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee’s duties, such employees shall in-process with the Navy Command’s Security Manager and Information Assurance Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual’s performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the COR

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 56 of 80	FINAL
----------------------------------	---	----------------------------------	------------------	-------

shall sign the SAAR-N as the “supervisor”.

The SAAR-N shall be forwarded to the Navy Command’s Security Manager at least 30 days prior to the individual’s start date. Failure to provide the required documentation at least 30 days prior to the individual’s start date may result in delaying the individual’s start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all employees requiring access complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. The Contractor’s Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

INTERIM ACCESS

The Navy Command's Security Manager may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

CONTRACTOR’S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the Contractor’s Security Representative. Within three work days after contract award, the contractor shall provide to the requiring activity’s Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the Contractor’s Security Representative. The Contractor’s Security Representative shall be the primary point of contact on any security matter. The Contractor’s Security Representative shall not be replaced or removed without prior notice to the Contracting Officer and Command Security Manager.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. Navy recognizes contractor employees under this contract as Non-Critical Sensitive [ADP/IT-II] when the contract scope of work require physical access to a federally controlled base, facility or activity and/or requiring access to a DoD computer/network, to perform unclassified sensitive duties. This designation is also applied to contractor employees who access Privacy Act and Protected Health Information (PHI), provide support associated with fiduciary duties, or perform duties that have been identified by DON as National Security Positions. At a minimum, each contractor employee must be a US citizen and have a favorably completed NACLIC to obtain a favorable determination for assignment to a non-critical sensitive or IT-II position. The NACLIC consists of a standard NAC and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or IT-II position is required to complete:

- SF-86 Questionnaire for National Security Positions (or equivalent OPM investigative product)
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 56 of 80	FINAL
----------------------------------	---	----------------------------------	------------------	-------

- Original Signed Release Statements

Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than 10 years) throughout the contract performance period. The Contractor's Security Representative shall contact the Command Security Manager for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the Navy Command's Security Manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's Information Assurance Manager. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy Information Technology resources. The SAAR-N shall be forwarded to the Navy Command's Security Manager at least 30 days prior to the individual's start date. Failure to provide the required documentation at least 30 days prior to the individual's start date shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Information Assurance (IA) training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the Navy Command Security Manager. The Navy Command's Security Manager will review the submitted documentation for completeness prior to submitting it to the Office of Personnel Management (OPM). Suitability/security issues identified by the Navy may render the contractor employee ineligible for the assignment. An unfavorable determination made by the Navy is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The Navy Command's Security Manager will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DON Central Adjudication Facility (CAF) for a determination.

If the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Authorization Request (VAR) via the Joint Personnel Adjudication System (JPAS) or a hard copy VAR directly from the contractor's Security Representative. Although the contractor will take JPAS "Owning" role over the contractor employee, the Navy Command will take JPAS "Servicing" role over the contractor employee during the hiring process and for the duration of assignment under that contract. The contractor shall include the IT Position Category per SECNAV M-5510.30 for each employee designated on a VAR. The VAR requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc ...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

- Must be either a US citizen or a US permanent resident with a minimum of 3 years legal residency in the United States (as required by The Deputy Secretary of Defense DTM 08-006 or its subsequent DoD instruction) and
- Must have a favorably completed National Agency Check with Written Inquiries (NACI) including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the Contractor's Security Representative must submit for all employees each of the following:

- SF-85 Questionnaire for Non-Sensitive Positions
- Two FD-258 Applicant Fingerprint Cards (or an electronic fingerprint submission)
- Original Signed Release Statements

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 56 of 80	FINAL
----------------------------------	---	----------------------------------	------------------	-------

The contractor shall ensure each individual employee has a current favorably completed National Agency Check with Written Inquiries (NACI) or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM

Failure to provide the required documentation at least 30 days prior to the individual's start date may result in delaying the individual's start date.

* Consult with your Command Security Manager and Information Assurance Manager for local policy when IT-III (non-sensitive) access is required for non-US citizens outside the United States.

5252.228-9129 LIABILITY INSURANCE (COST TYPE CONTRACTS) (SEP 2015)

The following types of insurance are required in accordance with the clause entitled "INSURANCE-LIABILITY TO THIRD PERSONS" (FAR 52.228-7) and shall be maintained in the minimum amounts shown:

- (1) Comprehensive General Liability: \$200,000 per person and \$500,000 per accident for bodily injury. No property damage general liability insurance is required.
- (2) Automobile Insurance: \$200,000 per person and \$500,000 per accident for bodily injury and \$20,000 per accident for property damage. Comprehensive form of policy is required.
- (3) Standard Workmen's Compensation and Employer's Liability Insurance (or, where maritime employment is involved, Longshoremen's and Harbor Worker's Compensation Insurance) in the minimum amount of \$100,000.

5252.231-9131 COST LIMITATION CEILINGS ON INDIRECT RATES (SEP 2015)

If an offeror proposes cost limitation ceilings on indirect rates, the offeror is advised that the Government may evaluate the offeror's cost proposal accordingly. The decision to propose cost limitation ceilings is the offeror's decision. In the event the offeror proposes indirect rate limitations, these same ceiling rate limitations may be incorporated into any resultant contract without discussion. Under any cost reimbursement contract, the indirect rates billed shall be limited to the ceiling rate(s) identified in the contract. Any costs incurred above ceiling rates are not allowable.

In the event the Contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. (End of Clause)

52.232-18 -- Availability of Funds (Apr 1984)

Funds are not presently available for this task order. The Government's obligation under this task order is contingent upon the availability of appropriated funds from which payment for task order purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Contracting Officer for this task order and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

(End of Clause)

52.232-22 -- Limitation of Funds (Apr 1984)

As prescribed in [32.706-2\(b\)](#), insert the following clause. The 60-day period may be varied from 30 to 90 days and the 75 percent from 75 to 85 percent. "Task Order" or other appropriate designation may be substituted for "Schedule" wherever that word appears in the clause.

- (a) The parties estimate that performance of this task order will not cost the Government more than
- (1) the estimated cost specified in the Schedule or,
 - (2) if this is a cost-sharing contract, the Government's share of the estimated cost specified in the Schedule.

The Contractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 56 of 80	FINAL
----------------------------------	---	----------------------------------	------------------	-------

under this task order within the estimated cost, which, if this is a cost-sharing task order, includes both the Government's and the Contractor's share of the cost.

(b) The Schedule specifies the amount presently available for payment by the Government and allotted to this contract, the items covered, the Government's share of the cost if this is a cost-sharing contract, and the period of performance it is estimated the allotted amount will cover. The parties contemplate that the Government will allot additional funds incrementally to the contract up to the full estimated cost to the Government specified in the Schedule, exclusive of any fee. The Contractor agrees to perform, or have performed, work on the task order up to the point at which the total amount paid and payable by the Government under the contract approximates but does not exceed the total amount actually allotted by the Government to the contract.

(c) The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that the costs it expects to incur under this task order in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of

- (1) the total amount so far allotted to the task order by the Government or,
- (2) if this is a cost-sharing contract, the amount then allotted to the task order by the Government plus the Contractor's corresponding share.

The notice shall state the estimated amount of additional funds required to continue performance for the period specified in the Schedule.

(d) Sixty days before the end of the period specified in the Schedule, the Contractor shall notify the Contracting Officer in writing of the estimated amount of additional funds, if any, required to continue timely performance under the task order or for any further period specified in the Schedule or otherwise agreed upon, and when the funds will be required.

(e) If, after notification, additional funds are not allotted by the end of the period specified in the Schedule or another agreed-upon date, upon the Contractor's written request the Contracting Officer will terminate this task order on that date in accordance with the provisions of the Termination clause. If the Contractor estimates that the funds available will allow it to continue to discharge its obligations beyond that date, it may specify a later date in its request, and the Contracting Officer may terminate this task order on that later date.

(f) Except as required by other provisions of this task order, specifically citing and stated to be an exception to this clause -

- (1) The Government is not obligated to reimburse the Contractor for costs incurred in excess of the total amount allotted by the Government to this task order; and
- (2) The Contractor is not obligated to continue performance under this task order (including actions under the Termination clause of this contract) or otherwise incur costs in excess of --
 - (i) The amount then allotted to the task order by the Government or;
 - (ii) If this is a cost-sharing contract, the amount then allotted by the Government to the task order plus the Contractor's corresponding share, until the Contracting Officer notifies the Contractor in writing that the amount allotted by the Government has been increased and specifies an increased amount, which shall then constitute the total amount allotted by the Government to this task order.

(g) The estimated cost shall be increased to the extent that

- (1) the amount allotted by the Government or,
- (2) if this is a cost-sharing task order, the amount then allotted by the Government to the contract plus the Contractor's corresponding share, exceeds the estimated cost specified in the Schedule.

If this is a cost-sharing task order, the increase shall be allocated in accordance with the formula specified in the Schedule.

(h) No notice, communication, or representation in any form other than that specified in subparagraph (f)(2)

CONTRACT NO. N00178-04-D-4026	DELIVERY ORDER NO. N00178-04-D-4026-FK11	AMENDMENT/MODIFICATION NO. 82	PAGE 56 of 80	FINAL
----------------------------------	---	----------------------------------	------------------	-------

above, or from any person other than the Contracting Officer, shall affect the amount allotted by the Government to this task order. In the absence of the specified notice, the Government is not obligated to reimburse the Contractor for any costs in excess of the total amount allotted by the Government to this task order, whether incurred during the course of the task order or as a result of termination.

(i) When and to the extent that the amount allotted by the Government to the task order is increased, any costs the Contractor incurs before the increase that are in excess of --

- (1) The amount previously allotted by the Government or;
- (2) If this is a cost-sharing task order, the amount previously allotted by the Government to the task order plus the Contractor's corresponding share, shall be allowable to the same extent as if incurred afterward, unless the Contracting Officer issues a termination or other notice and directs that the increase is solely to cover termination or other specified expenses.

(j) Change orders shall not be considered an authorization to exceed the amount allotted by the Government specified in the Schedule, unless they contain a statement increasing the amount allotted.

(k) Nothing in this clause shall affect the right of the Government to terminate this task order. If this task order is terminated, the Government and the Contractor shall negotiate an equitable distribution of all property produced or purchased under the task order, based upon the share of costs incurred by each.

(l) If the Government does not allot sufficient funds to allow completion of the work, the Contractor is entitled to a percentage of the fee specified in the Schedule equaling the percentage of completion of the work contemplated by this task order.
